

INDEX

Articles not marked by any signs were published as original contributions in THE LARYNGOSCOPE. All articles marked with special signs were published in the proceedings of the various societies, as follows:

American Otological Society.....	*
New York Academy of Medicine, Section on Otolaryngology.....	**
Nashville Academy of Ophthalmology and Otolaryngology.....	†
Minnesota Academy of Ophthalmology and Otolaryngology.....	††

A

A Double Binaural Device as an Aid in Catheterization of Eustachian Tubes,—Kafka, M. M.....	201
A Foreign Body in the External Auditory Canal Trapped by Exostosis,—Hara, H. J.....	126
A Further Study in Clinical Report of the Use of Acriciolet in Diseases of the Upper Respiratory Tract and Ear,—Herzig, A. J.....	25
A New Device — The Eustachian Tubometer,—Kafka, M. M.....	354
A Method for the Early Detection of Otosclerosis. A Study of Sounds Well Above the Threshold,—Fowler, E. P.....	**68
A Summary of Methods Used in Treating Meningitis Secondary to Infections of the Ears and Sinuses,—Neal, J. B., Jackson, H. W., and Applebaum, Emanuel.....	317
A Trio of Rare Bronchoscopic Cases,—Welt, Bernard, and Weinstein, Samuel.....	30
Abnormal Ears — Behavioral, Electrical and Anatomical Studies of,—Davis, H., Lurie, M. H., Dwor-kin, S., Katzman, J.....	435
Acoustic Irritation in the Cochlea, Animal Experiments on the Mechanism of the,—Kobrak, H. S.....	453
Acoustic System, Topography of the, in Cochlea and Medial Geniculate Bodies,—Culler, E. A.....	448
Acriciolet in Diseases of the Upper Respiratory Tract and Ear, A Further Study in Clinical Report of the Use of,—Herzig, A. J.....	25
Adenoid and Tonsil Operations, The Results of 76,000, — Turnley, W. H.	1

Agents, Hygroscopic, in Cigarettes, Further Clinical Observations on the Influence of,—Flinn, F. B.....	58
Allergic Diseases of the Ear,—Dean, L. W., Agar, J. S., and Linton, L. D.	707
American Laryngological, Rhinological and Otological Society, The Early Story of the, by One of Its Founders,—Hubbard, D. L.....	50
American Otological Society, The Secretary's Report from the Board of Trustees of the Research Fund of the American Otological Society	**65
An Experimental Study of Bone Conduction,—Hughson, Walter.....	**63
Animal Experiments on the Mechanism of the Acoustic Irritation in the Cochlea,—Kobrak, H. G.....	453
Argyrosis,—Kaplan, Carl.....	14
Artery, Ligation of the Anterior Ethmoid. Nasal Hemorrhage, Case Report,—Goodyear, H. M.....	97
Audiometry and the Prescribing of Hearing Aids,—Jones, I. H.....	**75

B

Bacterial Meningitis, The Clinical Picture of, with Particular Reference to Its Changing Phases,—Kopetzky, S. P.....	301-**357
Basic Pathological Anatomy and Histopathology in Otolaryngology: Ear,—Fowler, E. P., Jr.....	**134
Basic Pathological Anatomy and Histopathology in Otolaryngology: Nose,—Eggston, A. A.....	**133

IV

INDEX.

- Behavioral, Electrical and Anatomical Studies of Abnormal Ears,—Davis, H., Lurie, M. H., Dwor-kin, S., and Katzman, J. 435
- Bone Conduction, An Experimental Study in,—Hughson, Walter.**63
- Bone Conduction, Historical Aspects of,—Kelley, N. H. 102
- Bone Conduction, The Nature of, as Shown in the Electrical Response of the Cochlea,—Wever, E. G., and Bray, C. W.**61
- Brain, "Nerve Deafness" of Little or Unknown Pathology or Etiology, from Affections of the, (a) Organic Factors. Congenital Word Deafness,—Dozier, Paul 516
- Brain Stem, Nystagmus and Eye Deviations in Guinea Pigs with Lesions of the Cerebellum and,—Buchanan, A. R. 874
- Bronchoscopy in Pulmonary Tuberculosis,—Kernan, J. D. 777
- C**
- Carcinoma of the Pharynx,—Baker, D. C., Jr. 904
- Carcinomatous Metaplasia in a Case of Uncontrollable Polyposis of the Nose,—Goldman, I. B. 836
- Carotid Canal, Infection of the, Area, Cured by Cervical Operation,—Myerson, M. C.**510
- Carotid Canal, Petrous Apex, Sup-
puration Involving the, and Caus-
ing a Horner's Syndrome,—Myer-
son, M. C. 345
- Catheterization of Eustachian Tubes,
A Double Binaural Device as an
Aid in,—Kafka, M. M. 201
- Central Auditory Pathways to Tem-
poral Lobes,—Hinsey, J. C. 378
- Central Nervous System, Motor Dis-
orders of the, and Their Signifi-
cance for Speech. Part I. Cere-
bral and Cerebellar Dysarthrias,
—Zentay, P. J. 147
- Central Nervous System, Motor Dis-
orders of the, and Their Signifi-
cance for Speech. Part II. Clin-
ical Forms of Motor Defects (The
Spastic Child),—Zentay, P. J. 421
- Choice of Operation in Tonsillec-
tomy,—Kelly, J. D.**139
- Cigarettes, Hygroscopic Agents in,
Further Clinical Observations on
the Influence of,—Flinn, F. B. 58
- Clinical Experience of a Corre-
spondence Study Group with
Suprarenal Concentrate in Oto-
laryngology,—Jarvis, D. C. 263
- Clinical Forms of Motor Defects
(The Spastic Child). Part II:
Motor Disorders of the Central
Nervous System and Their Signi-
ficance for Speech, Part I,—
Zentay, P. J. 421
- Cochlea and Medial Geniculate Bod-
ies, Topography of the Acoustic
System in,—Culler, E. A. 448
- Cochlea, Animal Experiments on the
Mechanism of the, Acoustic Irri-
tation in the,—Kobrak, H. S. 453
- Cochlea, The Nature of Bone Con-
duction as Shown in the Electrical
Response of the,—Wever, E. G.,
and Bray, C. W.**61
- Cochlea, The Sensory Endings in the,
Lorente de Nó, R. 373
- Cold, The Common, Etiological Fac-
tors and Their Relationship to
Other Respiratory Tract Condi-
tions,—Levin, M. B. 792
- Comments on the Physiology of
Hearing and the Anatomy of the
Inner Ear,—Guild, S. R. 365
- Congenital Glottic Stenosis or Web
of the Larynx,—Majzoub, O. 280
- Contribution to the Treatment of
Vasomotor Rhinitis,—Lewy, Al-
fred 100
- Corti, Pathology of the Organ of,
—Lurie, M. H. 418
- Cranial Vault, Osteomyelitis of the
(with Lantern Slides), — King,
J. E. J.**508
- Cysts, Branchiogenetic, The Rela-
tion of the Tonsil to: Part III.
The Tonsil. Part I. Histopatho-
logical Studies. Part II. The
Mucous Glands Related to the
Tonsil,—Meeker, L. H. 164

INDEX.

V

D

- Deaf Child, Rehabilitation of the,
Goldstein, M. A.**205-221
- Deaf, Service in the New York City
School for the, — Whitham,
J. D.**205-229
- Deafness Due to Brain Tumors,
Angle Tumors, Vessel Abnormal-
ities, Other Central and Cortical
Lesions,—Tobey, H. G. 598
- Deafness from Drugs and Chemical
Poisons,—Taylor, H. M. 692
- Deafness (Malingering), (Simu-
lated),—Macfarlan, Douglas 538
- Deafness, Nerve, Familial and De-
velopmental Defects of, — Gold-
stein, M. A. 542
- Deafness, Nerve, from Noninflam-
matory Lesions, — Fowler, E. P.,
Jr. 586
- "Deafness, Nerve" of Little or Un-
known Pathology or Etiology;
Variations in Vertigo and Tin-
nitus with Deafness, Meniere's
Symptom Complex, — Smith,
C. H. 511
- Deafness, Progressive, from Oto-
sclerosis, The Factual Background
for the Treatment of,—Fowler,
E. P. 847
- Deafness, Some Psychologic Aspects
of,—Piker, Philip 499
- Deafness, Some Recent Ideas on,—
Voorhees, I. W. 192
- Deafness, Nerve, The Diagnosis of,
—Crowe, S. J. 492
- Deafness, The Diagnosis of Occupa-
tional or Traumatic; A Historical
and Audiometric Study, — Bunch,
C. C. 615
- Differential Diagnosis of Extra-
otitic Meningitis, — Friedman,
E. D. 311
- Differential Diagnosis of Suppura-
tive Meningitis Caused by Para-
nasal Sinus Disease, with Some
Suggested Prophylactic Measures,
—Imperatori, C. J.306-**357
- Diseases of the Labyrinthine Cap-
sule, Pathological Change,—Nager,
F. R.161-**211

- Diseases of the Labyrinth Wall,
The Clinical Picture of,—Fowler,
E. P. 157
- Dogs, Endorgan Deafness in, Due
to the Application of Certain
Agents to the Round Window,—
Fowler, E. P., Jr.**64
- Dysarthrias, Cerebral and Cerebel-
lar, Part I. Motor Disorders of
the Central Nervous System and
Their Significance for Speech,—
Zentay, P. J. 147

E

- Ear, Allergic Diseases of the,—
Dean, L. W., Agar, J. S., and
Linton, L. D. 707
- Ear, Inner, Influence of Some Toxic
Substances on the,—Ross, E. L.,
and Lederer, L. G. 555
- Ear, The Pathway of Infections
from the,—Jones, M. F. 323
- Ear and Temporomandibular Disor-
ders, Malocclusion and Its Rela-
tion to,—Crawford, W. H. 532
- Ear and Upper Respiratory Tract,
A Further Study in Clinical Re-
port of the Use of Acriviolet in
Diseases of,—Herzig, A. J. 25
- Ears and Sinuses, Summary of
Methods Used in Treating Menin-
gitis Secondary to Infections of,
Neal, J. B., Jackson, H. W.,
Applebaum, Emanuel 317
- Endolymphatic and Perilymphatic
Systems,—Anson, B. J. 395
- Endorgan Deafness in Dogs Due to
the Application of Certain Agents
to the Round Windows,—Fowler,
E. P., Jr.**64
- Exostosis, A Foreign Body in the
External Canal Trapped by,—
Hara, H. J. 126
- Eye Deviation and Nystagmus in
Guinea Pigs with Lesions of the
Cerebellum and Brain Stem,—
Buchanan, A. R. 874
- Eye, The Relationship of Sinus Dis-
ease to the Diseases of the, with
Review of 52 Cases, — Kafka,
M. M. 272

F

- Familial and Developmental Defects of Nerve Deafness, — Goldstein, M. A. 542
- Flowers, Sensitivity to,—Biederman, J. B. 825
- Fossa, Pharyngomaxillary; Methods of Opening Through the; Case Reports,—Goodyear, H. M. 21
- Frontoethmoidectomy, The Nasofrontal Tract in the External,—Bryant, F. L. 901
- Fundamental Pathology of the Larynx,—Kernan, J. D. 77
- Fundamentals of Lipreading,—Samuelson, E. E. **205-237
- Further Clinical Observations on the Influence of Hygroscopic Agents in Cigarettes,—Flinn, F. B. 58

G

- Genetics in Otosclerosis,—Goldstein, M. A. **69
- Glands, the Mucous, Related to the Tonsil, Part II. The Tonsil: Part I. Histopathological Studies; Part III. The Relation of the Tonsil to Bronchiogenic Cysts,—Meeker, L. H. 164

H

- Hard of Hearing, Local Organizations for Service to the,—Peck, A. W. **205-233
- Hard of Hearing, National Organizations for Service to,—Wright, B. C. **205-226
- Hearing Aids, Audiometry and the Prescribing of,—Jones, I. H. **75
- Hearing Aids for "Nerve Deafness,"—Steinberg, J. C. 603
- Hearing and Its Conservation in the Schools,—Grady, W. E. **205-224
- Hearing, The Diagnosis of Diseases of the Neural Mechanism of, by the Aid of Sounds Well Above Threshold (Presidential Address), —Fowler, E. P. 289
- Hearing, The Effect of Roentgen Rays Upon; A Preliminary Report,—Kasabach, V. Y. 545

- Hemangioma of the Soft Palate, Bryant, B. L. 352
- Herpes Zoster Oticus, — Brownell, D. H. 812
- Historical Aspects of Bone Conduction,—Kelley, Noble H. 102
- Horner's Syndrome, Petrous Apex Suppuration Involving the Carotid Canal and Causing a,—Myerson, M. C. 345

I

- Induced Nystagmus in Monkeys Following Peripheral Vestibular Lesions (with Clinical Correlations), —Northington, Page, and Barrera, S. E. 729
- Infection of the Carotid Canal Area Cured by Cervical Operation,—Myerson, M. C. **510
- Influence of Some Toxic Substances on the Inner Ear,—Ross, E. L., and Lederer, L. G. 555
- Inner Ear, Comments on Physiology of Hearing and Anatomy of,—Guild, S. R. 365
- Iodine Powder (Sulzberger) in the Conservative Treatment of Aural and Nasal Suppuration,—Lederman, M. D. 110
- Ionization, Worth While for Allergic Patient, Is?—Alden, A. M. 17
- Is Ionization Worth While for the Allergic Patient?—Alden, A. M. 17

K

- Kinetics of Stammering: Two Factors That Seem to Facilitate Voice Production,—Quinan, Clarence 829

L

- Labyrinthine Capsule, Disease of the; The Pathological Changes,—Nager, F. R. 161
- Labyrinth Wall, The Clinical Picture of Diseases of the,—Fowler, E. P. 157
- Larynx, Congenital Glottic Stenosis or Web of the,—Majzoub, O. 280
- Larynx, Fundamental Pathology of the,—Kernan, J. D. 77

Lateral Sinus Thrombosis, Ligation of Internal Jugular Vein in,—Novick, J. N.....	325
Lesions, Central and Cortical, Deafness Due to Brain Tumors, Angle Tumors, Vessel Abnormalities,—Tobey, H. G.....	598
Lesions, Inflammatory, Nerve Deafness from,—Kopetzky, S. J.....	577
Ligation of Internal Jugular Vein in Lateral Sinus Thrombosis,—Novick, J. N.....	325
Ligation of the Anterior Ethmoid Artery. Nasal Hemorrhage. Case Report,—Goodyear, H. M.....	97
Lipreading, Fundamentals of,—Samuelson, E. E.....	**205-237
Local Organizations for Service to the Hard of Hearing,—Peck, A. W.	**205-233

M

Malocclusion and Its Relation to Ear and Temporomandibular Disorders,—Crawford, W. H.....	532
Meniere's Symptom Complex, "Nerve Deafness" of Little or Unknown Pathology or Etiology, Variations in Vertigo and Tinnitus with Deafness,—Smith, C. H.....	511
Meningitis, Otitic. Report of the Chicago Committee on,—Lewy, Alfred, and Hagens, E. W.....	761
Meningitis, Otitic, Report of the New York Committee on,—Dwyer, J. S.	757
Meningitis Suppurative, Differential Diagnosis of, Caused by Paranasal Sinus Disease; with Some Prophylactic Measures,—Imperatori, C. J.....	306-357
Metaplasia, Carcinomatous, in a Case of Uncontrollable Polyposis of the Nose,—Goldman, I. B.....	836
Monkeys, Induced Nystagmus in, Following Peripheral Lesions (with Clinical Correlations),—Northington, Page, and Barrera, S. E.....	729
Motor Disorders of the Central Nervous System and Their Significance for Speech. Part I. Cerebral and Cerebellar Dysarthrias,—Zentay, P. J.....	147

Motor Disorders of the Central Nervous System and Their Significance for Speech. Part II. Clinic Forms of Motor Defects (The Spastic Child), — Zentay, P. J.	421
Mouth, Pharyngomaxillary Fossa; Methods of Opening Through the; Case Reports,—Goodyear, H. M....	21

N

National Organizations for Service to the Hard of Hearing,—Wright, B. C.	**205-226
Needle, The Fishof,—Fishof, F. E....	844
Nerve Deafness from Inflammatory Lesions,—Kopetzky, S. J.....	577
Nerve Deafness from Noninflammatory Lesions,—Fowler, E. P., Jr.	586
Nerve Deafness from Syphilis,—Ciocco, Antonio	572
"Nerve Deafness," Hearing Aids for,—Steinberg, J. C.....	603
"Nerve Deafness" of Little or Unknown Pathology or Etiology; Psychogenic Factors, Hysterical and Emotional,—Atkinson, Miles..	527
"Nerve Deafness" of Little or Unknown Pathology or Etiology; Acquired Word Deafness,—Chesher, E. C.....	520
"Nerve Deafness" of Little or Unknown Pathology or Etiology; Variations in Vertigo and Tinnitus with Deafness; Meniere's Symptom Complex,—Smith, C. H.	511
"Nerve Deafness" of Little or Unknown Pathology or Etiology; From Affections of the Brain (a) Organic Factors; Congenital Word Deafness,—Dozier, Paul	516
Nerve Deafness, Pathology of,—Lewy, F. H.....	409
Nerve, VIIIth, Partial Section of the,—Dandy, W. E.....	594
Neural Mechanism of Hearing, Symposium on	289 to 611
Neural Mechanism of Hearing, The Diagnosis of Diseases of the, by the Aid of Sounds Well Above Threshold (President's Address), —Fowler, E. P.....	289

VIII

INDEX.

- New York Meningitis Committee of the American Otological Society, —Harris, T. J. 315
- Nose, Carcinomatous Metaplasia in a Case of Uncontrollable Polyposis of the,—Goldman, I. B. 836
- Nose, Some Problems in Cosmetic Surgery of the,—Kovacs, Arthur. 92
- Nystagmus and Eye Deviations in Guinea Pigs with Lesions of the Cerebellum and Brain Stem,—Buchanan, A. R. 874
- O**
- Operation, Cervical, Infection of the Carotid Canal Area Cured by,—Myerson, M. C.**510
- Operation in Tonsillectomy, Choice of,—Kelley, J. D. 7
- Operations, The Results of 76,000 Adenoid and Tonsil, — Turnley, W. H. 1
- Osteomyelitis of the Cranial Vault, —King, J. E. J.**508
- Oticus, Herpes Zoster, — Brownell, D. H. 812
- Otitic Meningitis, Report of New York Committee on, — Dwyer, J. S.**73
- Otolaryngology, Therapeutics in,—Childrey, J. H. 245
- Otosclerosis, A Method for the Early Detection of, A Study of Sounds Well Above the Threshold,—Fowler, E. P.**68
- Otosclerosis, Genetics in,—Goldstein, M. A. 69
- Otosclerosis, The Factual Background for the Treatment of Progressive Deafness from,—Fowler, E. P. 847
- P**
- Parent and Teacher Training,—Young, I. B.**205-239
- Partial Section of the VIIIth Nerve,—Dandy, W. E. 594
- Pathology of the Organ of Corti,—Lurie, M. H. 418
- Pathways of Infection from the Ear, Jones, M. F. 323
- Patient, Allergic, Is Ionization Worth While for the?—Alden, A. M. 17
- Petrous Apex Suppuration Involving the Carotid Canal and Causing a Horner's Syndrome, — Myerson, M. C. 345
- Pharyngomaxillary Fossa; Methods of Opening Through the Mouth; Case Reports,—Goodyear, H. M. 21
- Pharynx, Carcinoma of the,—Baker, D. C., Jr. 904
- Poisons, Deafness from Drugs and Chemical,—Taylor, H. M. 692
- Polyposis of the Nose, Carcinomatous Metaplasia in a Case of Uncontrollable,—Goldman, I. B. 836
- Psychogenic Factors (Hysterical and Emotional) "Nerve Deafness" of Little or Unknown Pathology or Etiology,—Atkinson, Miles 527
- Pulmonary Metastases Occurring from Aberrant Mixed Salivary Gland Tumors. Report of Three Cases and Discussion, — Olson, G. W. 252
- R**
- Rehabilitation of the Deaf Child,—Goldstein, M. A.**205-221
- Report of Board of Trustees of Research Fund,—Rae, J. B., and Wilson, J. G. 755
- Report of Endoscopic Work for 1935 and 1936,—Maness, Guy.†288
- Report of the Board of Trustees of the Research Fund of the American Otological Society, — Rae, J. B.**65
- Report of the Chicago Committee on Otitic Meningitis,—Lewy, Alfred, and Hagens, E. W. 761
- Report of New York Committee on Otitic Meningitis,—Dwyer, J. G.**73
- Report of New York Committee on Otitic Meningitis,—Dwyer, J. G. 757
- Results of 76,000 Adenoid and Tonsil Operations, The, — Turnley, W. H. 1
- Rhinitis. Vasomotor, Contribution to the Treatment of,—Lewy, Alfred. 100

INDEX.

IX

- Roentgen Rays, The Effect of, on
Hearing. A Preliminary Report,—
Kasabach, V. Y..... 545

S

- Schools, Hearing and Its Conserva-
tion in the,—Grady, W. E.....**205-224
- Sensitivity to Flowers,—Biederman,
J. B. 825
- Service in the New York City
School for the Deaf,—Whitham,
J. D.**205-229
- Simulated Deafness (Malingering),
—Macfarlan, Douglas 538
- Sinus Disease, The Relationship of,
to the Diseases of the Eye, with
Review of 52 Cases, — Kafka,
M. M. 272
- Sinuses, Paranasal, The Pathways
of Infection from the,—Kramer,
Rudolph304-**357
- Soft Palate, Hemangioma of the,—
Bryant, B. L..... 352
- Some Problems in Cosmetic Surgery
of the Nose,—Kovacs, Arthur..... 92
- Some Psychologic Aspects of Deaf-
ness,—Piker, Philip 499
- Some Recent Ideas on Deafness,—
Voorhees, I. W..... 192
- Speech, Motor Disorders of the
Central Nervous System and Their
Significance for, Part I: Cerebral
and Cerebellar Dysarthrias,—Zen-
tay, P. J. 147
- Stammering, Kinetics of; Two Fac-
tors That Seem to Facilitate Voice
Production,—Quinan, Clarence..... 829
- Stammering, The Disappearance
Trends of. A Preliminary Report,
—Quinan, Clarence 184
- Submucous Resection in Relation to
Nasal Plastic Surgery, — Wolfe,
M. M. 281
- Suppuration, Aural and Nasal,
Twenty Years' Experience with
Iodine Powder (Sulzberger) in
the Conservative Treatment of,—
Lederman, M. D..... 110

- Suprarenal Concentrate in Otolaryn-
gology, Clinical Experience of a
Correspondence Study Group with,
—Jarvis, D. C..... 263
- Surgery, Cosmetic, of the Nose,
Some Problems in,—Kovacs, Ar-
thur 92
- Surgery, Submucous Resection in
Relation to Nasal Plastic Sur-
gery,—Wolfe, M. M..... 281
- Symposium on Bacterial Meningitis,
.....301-324-**357
- Symposium on Neural Mechanism of
Hearing.....289 to 611
- Syphilis, Nerve Deafness from,
—Ciocco, Antonio 572

T

- Teacher and Parent Training,
Young, I. B.....**205-239
- Temporal Lobes, Central Auditory
Pathways to,—Hinsey, J. C..... 378
- The Clinical Picture of Diseases of
the Labyrinth Wall, — Fowler,
E. P.**211-157
- The Clinical Picture of Bacterial
Meningitis with Particular Refer-
ence to Its Changing Phases,—
Kopetzky, S. P.301-**357
- The Common Cold, Etiological Fac-
tors and Their Relationship to
Other Respiratory Tract Condi-
tions,—Levin, M. B..... 792
- The Diagnosis of Diseases of the
Neural Mechanism of Hearing by
the Aid of Sounds Well Above
Threshold (President's Address),
—Fowler, E. P..... 289
- The Diagnosis of Nerve Deafness,
—Crowe, S. J..... 492
- The Diagnosis of Occupational or
Traumatic Deafness; A Historical
and Audiometric Study, — Bunch,
C. C. 615
- The Disappearance Trends of Stam-
mering. A Preliminary Report,—
Quinan, Clarence 184
- The Early Story of the American
Laryngological, Rhinological and
Otolological Society by One of Its
Founders,—Hubbard, D. L..... 50

- The Effect of Roentgen Rays Upon Hearing. A Preliminary Report,—Kasabach, V. Y. 545
- The Eustachian Tubometer—A New Device,—Kafka, M. M. 354
- The Factual Background for the Treatment of Progressive Deafness from Otosclerosis,—Fowler, E. P. 847
- The Fishof Needle,—Fishof, F. E. 844
- The Nasofrontal Tract in the External Frontoethmosphenoidectomy,—Bryant, F. L. 901
- The Nature of Bone Conduction as Shown in the Electrical Response of the Cochlea,—Wever, E. G., and Bray, C. W.**61
- The Origin of Cochlear Potentials,—Eyster, J. A. E., Bast, T. H., and Krasno, M. R. 461
- The Pathology of Nerve Deafness,—Lewy, F. H. 409
- The Pathways of Infection from the Paranasal Sinuses,—Kramer, Rudolph304**357
- The Perilymphatic and Endolymphatic Systems,—Anson, B. J. 395
- The Relationship of Sinus Disease to the Diseases of the Eye with Review of 52 Cases, — Kafka, M. M. 272
- The Results of 76,000 Adenoid and Tonsil Operations, — Turnley, W. H.1**139
- The Role of the Prevention Clinic,—Hunt, W. M.**205-241
- The Secretary's Report from the Board of Trustees of the Research Fund of the American Otological Society,—Wilson, J. G.**65
- The Sensory Endings in the Cochlea,—Lorente de Nó, R. 373
- The Tonsil: Part I. Histopathological Studies. Part II. The Mucous Glands Related to the Tonsil. Part III. The Relation of the Tonsil to Bronchiogenetic Cysts, — Meeker, L. H. 164
- Therapeutics in Otolaryngology,—Childrey, J. H. 245
- Tonsillectomy, Choice of Operation in,—Kelly, J. D. 7
- Topography of the Acoustic System in Cochlea and Medial Geniculate Bodies,—Culler, E. A. 448
- Tract, Respiratory. The Common Cold: Etiological Factors and Their Relationship to Other Respiratory,—Levin, M. B. 792
- Tract, The Nasofrontal, in the External Frontoethmosphenoidectomy,—Bryant, F. L. 901
- Treating Meningitis Secondary to Infections of the Ears and Sinuses, A Summary of Methods Used in,—Neal, J. B., Jackson, H. W., Applebaum, Emanuel 317
- Tuberculosis, Bronchoscopy in Pulmonary,—Kernan, J. D. 777
- Tubes, Eustachian, A Double Binaural Device as an Aid in Catheterization of,—Kafka, M. M. 201
- Tumors, Deafness Due to Brain, Angle, Vessel Abnormalities, Other Central and Cortical Lesions,—Tobey, H. G. 598
- Tumors, Pulmonary Metastases Occurring from Aberrant Mixed Salivary Gland. Report of Three Cases and Discussion, — Olson, G. W. 252
- Twenty Years' Experience with Iodine Powder (Sulzberger) in the Conservative Treatment of Aural and Nasal Suppuration, — Lederman, M. D. 110

V

- Viewpoint of the Physicist,—Fletcher, Harvey 389
- Voice Production, Kinetics of Stammering: Two Factors That Seem to Facilitate,—Quinan, Clarence.... 829

W

- Word Deafness, Acquired,—Chesher, E. C. 520
- Word Deafness, Congenital. "Nerve Deafness" of Little or Unknown Pathology or Etiology. From Affections of the Brain. (a) Organic Factors,—Dozier, Paul 516
